Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Wednesday 01 Dec 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Scattered heavy showers and sunny spells. Feeling cold.

Today:
Bright spells and occasional showers throughout the day. The showers will give some heavy downpours in places and may be mixed with hail, with the showers becoming more frequent for a time mid-afternoon. Feeling cold in the strong wind. Maximum temperature 8 deg C (46 deg F).

Tonight:
Showers will clear leaving a dry and cold evening with clear skies. After midnight scattered showers will spread in from the northwest, these falling as sleet or snow in places. Minimum temperature -1 deg C (30 deg F).

Thursday:
Isolated wintry showers first thing on Thursday morning will swiftly clear to leave a fine, dry and cold day. Clouding over in the evening with rain spreading from the west. Maximum temperature 5 deg C (41 deg F).

Outlook for Friday to Sunday:
Overnight rain clears before dawn on Friday leaving a dry and bright day. Further rain Friday evening, then unsettled and very windy on Saturday. Sunshine and isolated showers on Sunday.
